

EARTH SUMMER INTERNSHIP

Do you like science and love to write?

Try out science writing with an EARTH magazine internship this summer.

We are currently accepting applications for a summer 2009 internship. The intern will work as a full member of the EARTH staff. Tasks include writing news articles for EARTH online, writing and editing news and trends articles for print, helping to edit and produce the magazine, and attending press briefings and science seminars in Washington, D.C., as needed.

Based at the American Geological Institute in Alexandria, Va., the internship is 12 weeks long and includes a \$3,500 stipend. Starting time is flexible. All applications should be received by March 31, 2009. A background in the geosciences, writing and design work is a plus. Send a résumé, letter describing what you hope to gain from the internship and how your previous experience makes you most suitable for this position, and writing samples (no more than three) via e-mail, fax or mail to:

Attention: EARTH Summer Internship
American Geological Institute
4220 King Street
Alexandria, VA 22302

Fax: (703) 379-7563

E-mail: earth@earthmagazine.org

Writing samples can include essays, newspaper or magazine articles, or samples from classroom work. We want to see that you have a flair for writing and that you can describe science well.
